Dink Dinkler August 4

Susan Hardwick August 7

**Limited Edition, Taps at Twilight Photograph**

Mike Harris elaborated on the Taps at Twilight Photograph. The photo was taken by Harlan Hambright and the project is Roger Peterson's "brainchild." The photo captures a different perspective of the event. Mike reminds us that the program honored the men and women of World War II. The photo as donated to the SSI Rotary Club is an artist's proof and will be produced as a signed limited edition; only 100 prints will be produced.

Please See Mike Harris to purchase your Limited Edition of the Taps at Twilight Photograph. Bernie Swafford has offered to display the photo at Pat's Hallmark Shop.

**Announcement from the President**

The next **board meeting** is at 5:45 p.m. next Monday, August 2. Location: The Green Room at Sea Palms.

**Last Week's Program** (July 27, 2004)

**Dr. Wayne Mosley**  
**A Straight Shot of Afghanistan**

Dr. Wayne Mosley presented a look at Afghanistan through a slide presentation. Dr. Mosley is an orthopedic surgeon in Vidalia, Georgia. He was recently sent as a surgeon in the U.S. Army Reserve to Afghanistan with the 946<sup>th</sup> Forward Surgical Team. Dr. Mosley's presentation was to provide his perspective and to answer several important questions that have been overlooked by the national media.

Dr. Mosley was stationed at a central base that was occupied by the various coalition partners of different nations. The base was a tent city. The teams had to overcome the obstacles of land mines and dust storms with winds of up to 120 mph.

The country that has always known war is a graveyard of abandoned aircraft, vehicles, and bombers left by the Russians. The countryside is barren of trees or vegetation, due to a drought lasting over the last three to four decades. There is virtually no wildlife due to the lack of vegetation.

The Afghanistan families live segregated in family unit compounds without a bond with others. The lack of community and lack of a bond with others provide little in the way of mounting protection for themselves leaving the "bad guys" to rule.

Dr. Mosley presented slides of the types of innocent by-standers that they typically treat. Most patients are women and children that are often injured in fire fights. The average Afghanistan woman has six children of which two normally live to adulthood. The children die due to illnesses or war related deaths.

The country is void of minerals and petroleum and it is a place for "bad people" to congregate. Dr. Mosley's perception is that the coalition is there solely to eliminate bad people. He is ready to return for another duty when called upon.

Many thanks to Lisa Anderson for serving as July Program Reporter for the *Spray*.

Last Week's Program: Governor John Parkins, President Leslie Mattingly and Guest Speaker Dr. Wayne Mosley.

Dr. Mosley is a practicing Orthopedic Surgeon in Vidalia Ga. He and his wife Jennifer have three children Joseph, Anna and Matthew. Dr. Mosley received his Bachelors degree from Austin Peay State University. He graduated from the University of Kentucky College of Medicine and then stayed there to complete his Orthopedic Surgery Residency.

The majority of his professional life has been in private practice, with the exception of 3 years where he was a part of the Emory Clinic. During this time he also completed a course of study for his MBA at Emory's Goizueta School of Business. As a Surgeon in the U.S. Army Reserve, Dr. Mosley was suddenly sent to Afghanistan with the 946<sup>th</sup> Forward Surgical Team. The presentation was a look at Afghanistan, the country that is pivotal in the War on Terrorism.

St. Simons Island Rotary Club  
Program for August 3, 2004

**Steve Hein**

Update on the Center for Wildlife Education and  
The Lamar Q Ball, Jr. Raptor Center  
Georgia Southern University

**Steve Hein Biography:**

Steve Hein brings his passion for falconry, artistic talent, business skills, and a tremendous sense of fun to his work as Director of The Center for Wildlife Education and The Lamar Q Ball, Jr. Raptor Center at Georgia Southern University. Mr. Hein spearheaded the development of The Center for Wildlife Education in 1997, and under his leadership it has since soared to great heights. Currently, the Center serves approximately 40,000 individuals throughout the year.

Mr. Hein holds a degree in Business Administration from Georgia Southern University. He holds Federal and State licenses as a Master Falconer, and practices this ancient art with remarkable enthusiasm. This license was earned by hunting with numerous avian partners, including a red-tailed hawk, harris hawk, American kestrel, and peregrine falcon. He has also acquired a Federal and State permit to rehabilitate birds of prey. As a freelance artist, he has received numerous awards including: the Georgia Governor's "Artist of Excellence" award; 1987-88 Georgia Wildlife Management Area Stamp; and 1986, 1987, 1990 Georgia Ducks Unlimited Artist of the Year.

Steve Hein has become a popular face around the Southeast as he travels with the animals to provide entertaining and educational programs. His programs are wildly popular among children, young adults, adults, and senior citizens!

**About the Program**

Join Steve Hein, Director of The Center for Wildlife Education at Georgia Southern University, for an entertaining and educational wildlife program. Steve will bring some wildlife from the center.
