Birthdays

June 19 - 25

None

Upcoming Programs

6/26 - Outgoing President's Final Report and Installation of 2007-2008 Officers.

7/3 - No meeting.

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First: The development of acquaintance as an opportunity for service;

Second: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third: The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

June 12, 2007

Jim Bruner
Glynn County Chief Engineer

The county's chief engineer gave his second report in recent weeks on the progress of two important St. Simons Island traffic control projects: The proposed roundabout at the intersection of Demere and Frederica roads, and the SSI Gateway Project, which proposes a new traffic loop just off the causeway involving Demere, Kings Way and Sea Island Road.

The Demere/Frederica project will be a two-lane roundabout. He explained that a roundabout requires traffic entering the circle to yield to traffic already in the circle, as in the Frederica Road/Lawrence Road roundabout. That's different from a "traffic circle" in which traffic in the circle has to yield to traffic entering the circle.

He also reported on the Airport Road Project that will adjoin the Frederica/Demere roundabout. It will be restricted to non-commercial traffic. The contract has been awarded, he said, and it will take a year to complete.

The Gateway Project is a "loop" that would have traffic entering the island from the causeway proceed on Kings Way toward the Village, with the option of then turning left onto Sea Island Road (and then the option to turn right onto Demere). It's designed to reduce waiting time at traffic signals.

The design for the roundabout is not yet final. The design for the Gateway Project is done, but environmental issues are slowing the process.

Jim is a native Georgian. He spent four years in the Navy Seabees and holds a degree in civil engineering from Auburn University. Married with two grown sons, he has worked for Glynn County for more than 10 years.

He was introduced by Gary Schwartz.

Rotary Officers & Directors

International President William B. Boyd
District 6920 Governor William J. Blankenship
District 6920 Governor Elect Richard Hyer
Assistant Governor - SSI Area Clvde Tavior

St. Simons Island Rotary Club

The Four-Way Test

of the things we think, say or do

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and better **friendships**?
4. Will it be **beneficial** to all concerned?
