Don Fielder introduced Tony Thaw. Tony serves as County Commissioner, having been elected in 2004 and will start his second term in January, 2007. Russ Moore accompanied Tony. Russ has spent 25 years in business, government and education. He works nationwide with entities that want to adopt seamless education for workforce development. Also participating in the presentation was Dr. Ralph Gornto who has a degree in Forest Management from Auburn, has earned other degrees and has much experience in educational administration.

The gentlemen explained the background of the Charter School endeavors, along with the progress and goals. Their emphasis is on training beyond high school and the program was presented in detail with facts and numbers to highlight activity and successes. The presentation was followed by a Q&A session.
