Robert Cable seeks nominations for this year's **Community Image Awards**. On May 13, our club will recognize one individual and one organization. Forward your nominations to Robert at roboiii@comcast.net or Clyde Taylor at catsw@mindspring.com.

Eric Andreae needs your help. To improve the **Directory**, we need all the photographs to be **DIGITAL**. All pictures taken prior to 2003 are black and white and need to be upgraded. Eric has arranged with The Darkroom (next to Brogen's North) to be available March 4th and March 11th. If you cannot go on one of those days, please call The Darkroom at 638-7077 and make an appointment. After you have had your picture taken, choose the one you want published by going online at darkroomssi.com, and then call The Darkroom with the number of that photo.

Bill Kein was awarded the Ed Bruce Fellow distinction for contributions to the **SSI Rotary Scholarship Fund**.

First Tuesday at the House will be held from 5:30 to 7 tonight at the Frederica House. Please plan to join other club members and their spouses for this monthly event.

Black Biology: A Bioterrorism Report
Dr. Keith Belcher
**Chair of the Division of Mathematics, Science
& Physical Education**
Coastal Georgia Community College

Dr. Belcher gave a short history of biological agents that have caused harm over the centuries.

He explained that agents with the potential for harm are part of our "common environment."

For example, he said castor beans can be used to make a beneficial substance such as castor oil, or a hazardous substance such as the deadly poison ricin.

Even when health officials are able to successfully combat a virus such as smallpox, there is still reason for concern, he said, noting that although smallpox was declared eradicated in 1980, people today don't have immunity to the virus.

Dr. Belcher holds degrees from Georgia Southern College, Auburn University and the Medical College of Georgia, as well as a postdoctoral residency at the Medical College of Virginia.

He came to Coastal Georgia Community College in the fall of 2005.

Becky Farrow introduced Dr. Belcher.

The Four-Way Test

of the things we think, say or do

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and better **friendships**?
4. Will it be **beneficial** to all concerned?
