The Four-Way Test
of the things we think, say or do

1. Is it the *truth*?
2. Is it *fair* to all concerned?
3. Will it build *goodwill* and better *friendships*?
4. Will it be *beneficial* to all concerned?

Program—September 7, 2010

Mark Love, Executive Director and Scott Reid, Tournament Director, McGladrey Classic

The first annual McGladrey Classic is an official PGA Tour event hosted by the Davis Love Foundation, a 501C3 corporation and will be held at Sea Island. PGA Tour events are hosted by non-profit organizations and all proceeds go to local charities. The expected contribution to the Boys and Girls Club, Safe Harbor and Special Olympics is between \$15,000 and \$30,000. The host foundation handles all aspects of the event and not the PGA. With only 4 staff members, 1,000 volunteers were needed. Over 1,000 members of the community have shown their support by volunteering. Among the local talent committed to play in the tournament are Jonathan Byrd; Charles Howell, III; Zach Johnson; Matt Kuchar and of

course, Davis Love, III. A fun filled week of events is scheduled for Oct. 4—10. For more information, visit their website at www.mcgladreyclassic.com.

From Rotary International**Windmills Increase Income for Salt Harvesters**

Five families who harvest salt from the desert in western India have Rotarians to thank for windmills that will double their income.

The Rotary Club of Wadhwan City, India, and the Rotary E-Club of Southwest, Arizona, USA, received a Rotary Foundation Matching Grant and used club and District 5510 (Arizona) contributions to purchase 10 windmills. The windmills pump underground, salt-laden water into shallow ponds, where the salt can be separated through evaporation.

The families -- who are among the 10,000 families who migrate annually to the Little Rann of Kutch salt marsh in Gujarat to collect up to 800 tons of salt apiece -- previously relied on diesel engines to draw water to the desert's surface.

Five windmills were installed by the manufacturer in February with the help of Rotarians and the recipients. Club members expect the other five to be in use by October, the start of the six-month salt-harvesting season.
