## Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

### First

The development of acquaintance as an opportunity for service;

### Second

High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

### Third

The application of the ideal of service in each Rotarian's personal, business, and community life;

### Fourth

The advancement of international understanding, goodwill, and peace through a world of business and professional persons united in the ideal of service

## The Four-Way Test of the things we think, say or do

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?

## Member Spotlight!

## Our Angel – Lee Scheinman

Did you know that our St. Simons Rotary Club has an angel within our midst? Her name is Lee Scheinman. A St. Simons Rotarian since 2003, Lee Scheinman is also known within our inner circle as Ms. Anonymous. She would never mention it herself, but Lee has made numerous (and very generous) monetary donations to our Rotarian initiatives, usually under the name of *Anonymous*. Her generosity is unwavering and her loving spirit is contagious.

Now, as we enter the holiday season, let's give special thanks to Lee and to all the Lees in the world, who give so much and make a real difference for so many.

Thank you, Lee. Merry, Merry Christmas and happy holidays to you!

## Nominating Committee Report

The new slate was voted on at the December 4 Club meeting and accepted unanimously. A big welcome to our new officers and directors.

 Alzheimer's of Glynn/Brunswick, Inc.**

Martin Turbidy introduced our speaker, and suggested we listen carefully because we might need to know this information to help us find our car after the meeting. All kidding aside, this topic is not a laughing matter. The fact is, if we live long enough (past 85) one out of two of us at our luncheon will get Alzheimer's, which is a staggering statistic to be sure. Janice began her talk by making the differentiation between dementia and Alzheimer's. Dementia is not a disease, but rather a group of symptoms indicating brain impairment that is not a part of normal aging. On the other hand, Alzheimer's is a degenerative neurological disease and the leading cause of dementia. Confused by this statement? This writer is too, especially since Ms. Vickers also noted that the older you get, the higher the risk of Alzheimer's. The real difference here is not the symptoms, but rather, the *cause* of the impairment. Dementia is caused by specific medical problem(s) such as poor nutrition, prolonged dehydration, alcohol abuse, Parkinson's, stroke, thyroid imbalance, blood sugar imbalance, vitamin deficiency, and more. Eliminate the cause and dementia can be greatly improved or even cured, but early detection and treatment are critical. Not so with Alzheimer's where there is no cure, but new drug therapies can help slow down the degeneration. However, the good news is great medical research inroads are being made.

Our weekly C.A.R.T. bucket donations help Rotary work toward a cure for Alzheimer's. "Don't forget" to give generously. Thank you Janice Vickers for your informative lecture. For more information visit: [alzheimersofglynn.org](http://alzheimersofglynn.org).
